HARLAN F. STONE WILL BE NEW U. S. ATTORNEY GENERAL

NEW BODY FOR THE BOROUGH IS NAMED

Borough Planning Commission Formed, Consisting of W. C. Binns, R. C. Mountser, J. M. McMahan, D. R. Hormell, Walter Byerly

MEETING HELD VERY SOON

Commission Will Gather And Formally Organize By Election of Officers—At This Time Council Will Meet With Them. And Discuss Matters

Charleroi Borough council last night formally ratified the choice made for members of the Borough Planning Commission, a new body of borough recommendation and suggestion, made possible by legislative enactment. They are: Willis C. Binns, D. R. Hormell, R. Carl Mountser, J. M. McMahan, Walter Byerly. They will meet for organization in the near future, by the election of officers, and at this time the members of council will meet with them to discuss matters pertaining to the welfare of the borough.

Last night being the first session of the month, there were the usual quota of citizens present for redress and grievances. Residents in the hill district have their troubles with the mud, and one man complained about the retaining wall near his premises between Seventh and Eighth streets in Lookout avenue. The foundations of the wall are being disintegrated by the heavy rains, the water overflowing the wall and running into the kitchen and cellar of the complainant. President J. Bryant Tussing assured the man that through the street committee proper remedial agencies will be applied. Former Councilman John H. Frye asked that council pave Oakland avenue, between Fourth and Fifth streets, and was assured by the chair that this thoroughfare was among the streets for improvement in the minds of the members of the body. The citizens of Lincoln Avenue extension also want water, and it was stated that the same will be produced, provided the water company can get sufficient customers to extend its lines.

Council had discussion and talk with Otto John Schaefer of the Commercial department of the West Penn. Power Company. The body recently entered into a contract, one for five years, with the company for the installation of the White Way system in the business district of Charleroi. (Continued on page three)

"BUL BUL" WILL BE THE NEXT AMENITY

Thursday and Friday of next week, April 10 and 11, are the dates for the enacting of another great Charleroi performance, "Bul-Bul," at the Charleroi High school auditorium, under the auspices of the Monday Musical club. "Bul-Bul" has delighted many audiences throughout the country and there is no doubt that it will meet with decided success in this borough in the hands of local talent.

Jamit has betrothed his only child, the Princess of Bul-Bul, to the Prince Caspian, and the prince is on his way to attend the wedding. The couple have never met, and the princess vainly implores her father not to make her marry a man she has never seen. The prince, on his side, determines to see his future wife before the betrothal ceremony. On reaching the outskirts of the city, he disguises himself and his friends as peddlers, and thus clad

ters the garden first and meets the guards of honor. After much persuasion, he is allowed to seek the princess, who is roaming disconsolately through the woods. The prince-peddler, speedily wins Bul-Bul's affections and endeavors to persuade her to give up Prince Caspian and elope with him instead. This the princess refuses to do. They agree to meet once more in

WELLKNOWN TEACHER PASSES YESTERDAY

Edward B. Phillips, aged 69 years, died at his home near Finleyville yesterday morning. Mr. Phillips was born at Liberty and spent 20 years teaching in the public schools. For 13 years he taught in the Morris school, Baldwin township, Allegheny county. He was a charter member of the Knoxville Christian church and was always active in church and Sunday school work. He leaves his wife Mary Linn Phillips, a daughter, Eleanor Webster, wife of Joseph Webster of Finleyville, a sister, Mrs. Cora Van Voorhis, of Tulsa, Okla., and two brothers, Lloyd Phillips, of Bowling Green, Fla., and Norman Phillips, of Washington, D. C.

Funeral services will be held at the late home Thursday afternoon at 2 o'clock. Interment will be in the Highland cemetery of the Peters Creek Christian church.

FUNDS CLAIMED LIFTED MAN ENTERS SUIT

Michael Flynn, Donora, has filed a suit against John Flynn, in which he claims \$1,161.79, with interest from April 13, 1922. It appears the two had a joint bank account. It is alleged by the plaintiff that the defendant took advantage of this fact and without the consent or knowledge of the plaintiff withdrew all the money in the account the sum sued for, and appropriated it to his own use.

Power Company To Open Offices At County Seat

Announcement has just been made that in accordance with the re-organization plan divisional offices of the West Penn Power company will be opened in Washington. The Waynesburg, Cannonsburg, McDonald and other divisional offices will hereafter report to the divisional office, which will be in charge of H. I. Babbitt, divisional manager. Mr. Babbitt, who had charge of the Washington district for many years, has been transferred from the West Virginia and Maryland Power company, a West Penn subsidiary which furnishes power to the coal fields extending from Cranston to Oakland.

Mr. Rockefeller, who has filled the position of district superintendent at Washington for the past two years, has been transferred to the Allegheny Valley Light company, New Kensington. This is one of the most important districts comprising the West Penn system. Mr. Babbitt will have H. Chandler as an assistant and A. H. Matthews as divisional engineer to aid him in his divisional work.

MAN OF TYPE AND LAWYER OF ABILITY

Washington, April 3. — (United Press).—Harlan F. Stone of New York, former Dean of the Columbia University Law School, has been selected as Attorney General of the United States by President Coolidge.

Official announcement of the selection was made today and Stone's nomination sent to the Senate for confirmation.

Mr. Coolidge had Stone in mind when he made it known yesterday that he was seeking a \$100,000 a year man to accept the \$12,000 job with an automobile thrown in.

The new Attorney General is accepting the post at a tremendous financial sacrifice. White House officials said. Stone is a member of a prominent firm in New York, and is on leave of Columbia University School of Law. He will take office as successor to Harry M. Daugherty, as soon as the Senate confirms him.

Stone is eminent among the nation's lawyers.

He was President Coolidge's guest at breakfast at the White House this morning. Several Senators were there also and though Mr. Coolidge did not tell any of them that Stone had been selected, they got the impression that he was to be the new Attorney General. This belief was confirmed somewhat later.

Stone was a classmate of President Coolidge at Amherst college, and the two are old friends.

Stone was declared by the White House officials as a man of the type and ability that the President knows will fit the high post of head of the Department of Justice.

Stone is understood to have gone back to New York, following this conference at breakfast.

Stone's nomination is expected to be approved by the Senate immediately.

Stone will return to Washington. (Continued on page four)

RAID YIELDS TWO 6-GALLON STILL

Burgess John L. Furlong of Roscoe, assisted by three special policemen, made a raid on an alleged notorious house, speakeasy and disorderly house, located in Roscoe, last night at 5 o'clock. They effected the arrest of Mr. and Mrs. James Youkoski, the owners of the property, and four men and a woman visitor. The accused were hauled before the burgess last night at 7 o'clock, the charge preferred being running a disorderly house, and the making and selling of moonshine concoctions, contrary to law. Youkoski was held for court in the sum of \$1500 bail, which he furnished; Mrs. Youkoski and the visitors were fined \$10 and costs each.

The officers unearthed two six-gallon stills, one barrel of mash, a barrel of moonshine and promiscuous bottles.

STORE OF ROSCOE MAN ROBBED EARLY TODAY

The store of L. H. Abrams of Roscoe was entered this morning between the hours of 3 and 4 o'clock, the thief making away with an entire outfit. The thief, who is thought to be a colored man, took three raincoats, three topcoats, shoes, shirts, watches, sweaters, and two suit cases. He evidently carried his loot away in the suit cases. A report was made to the police along the valley this morning and search is being made.

Owner Says Statement Is Void of Truth

Mrs. J. McCarrin, who conducts the novelty and fruit store at 728 Fallowfield avenue, stated this morning that the report given in the Mail of yesterday, as furnished by the health officer, is contrary to facts, and does not represent the truth.

Mrs. McCarrin says she is not an Italian woman, as published, but is Scotch-Irish, and also that the apples she has been selling, sugar-coated, or with a preparation over them, comply with the pure-food regulations, and are healthful; and further that children do not sample or handle candies or other foods, that all goods touched by children are sold. That while they have sold penny candies, they give something in return, and claim that they are not running a gambling place, but only following, in the selling of candies, precedent set by other stores in the borough.

The Blue Bird Inn Is Robbed, Bandits Securing Money And Booze

The Blue Bird Inn, located on the West Newton road, was the scene of a bold robbery yesterday afternoon at 4 o'clock when four auto bandits drove up to the roadhouse, held the porter at the point of a revolver, ransacked the place and made their escape. Parking the car on the road in front of the house, three bandits left the machine and entered the building, only finding the porter who was busily engaged with his duties, to repulse their activities.

One of the bandits drew a revolver and forced the porter to throw up his hands. They then ransacked the place from top to bottom, securing \$17 in cash and a quantity of liquor refreshments. A slot machine that they found in the building they carried out to the yard and broke it open, helping themselves to the contents. The porter was forced to go to the basement while the thieves made an easy getaway.

After their departure, the porter immediately got in touch with one of the owners, William Simpson, who in turn notified the authorities. Investigation is being made, but there has been no arrests. The porter claims he could identify two of the men who are believed to be Charleroi residents.

BOY DISAPPEARS IS RETURNED TO HIS PARENTS

Charles Colli, nine-year-old son of Mr. and Mrs. Louis Colli of 133 Third street, Monessen, who disappeared from his home Sunday afternoon and was believed to have been drowned, was safely restored to his distracted parents yesterday noon, none the worse for his absence.

It was reported at the time investigation was being made for his recovery, that he had been last seen near the inundated ball park on Sunday afternoon. According to his story, the boys he was playing with at that time, noting his interest in the flood condition, told him that there would not be a similar flood in this section. Moving Van Brought Into Requisition: Truck Struck By Train At Eighty-Four Has a Cargo of Moonshine "On Board"

THE DRIVER DISAPPEARS

Van, With a False Bottom, Discloses 50 Five-Gallon Cans — Presence of Concoction Is Discovered By Residents of Eighty-Four In Examination

A false bottom in which were 50 five-gallon cans full of moonshine was discovered in the truck hit by a Baltimore & Ohio passenger train at the crossing at Eighty-Four about 7 o'clock Monday evening. The truck is very large, and was loaded with furniture. The front was totally wrecked and the driver sustained numerous cuts and bruises. He was taken to Pittsburgh on the train Monday night, and has disappeared.

The presence of the moonshine was detected yesterday by residents of Eighty-Four in examining the wrecked machine. The district attorney's office was notified and Chief of County Detectives W. B. Dinsmore made an investigation.

The driver, who gave the name of Riley, has disappeared. At the time of the accident, the truck was headed toward Washington, and the train was on its way to Pittsburgh. The truck was going at a high rate of speed down the long hill leading to the station and when the driver saw the approaching train he was unable to stop.

The engine of the motor truck was completely wrecked and the driver had a narrow escape from death. His injuries were dressed by Dr. W. W. Weygandt, who stated that he was not severely injured. The man then proceeded on to Pittsburgh on the train. He said that he was on his way from Pittsburgh to Washington. The truck bore an Ohio license.

After the truck was discovered it was learned that it had started from Finleyville to Washington earlier in the day and at Thomas had become stuck in the mud. After securing a team to pull it out, the truck was driven back to Finleyville, then to Monongahela, and started for Washington over the newly improved Monongahela pike.

The furniture which was loaded as a blind, is of a cheap grade, and had been in storage, as it bore tags of the White Transfer and Storage Co. of Pittsburgh. It is evidently furniture that is used for this purpose. It is believed that the driver was taking the moonshine from Pittsburgh to some point in Ohio.

MINSTRELS' SUCCESS.

So many favorable comments have

been heard of the performance of the

Elks' Minstrels at the Palace Theatre,

that congratulations of congratulation are

all who have had a part or portion

in the success achieved. The

wholesome favor with which the

show has been received, aside from

congratulatory tendencies is the reflex

action which the minstrelsy has upon

the people, in that it gives them fur-

ther confidence in the knowledge that

they can accomplish whatever they

endeavor to accomplish.

THE SPIRIT OF PROGRESSIVENESS AND

optimism has had much to do with

the weal of Charleroi. From its in-

spiration as a borough it has had lead-

ers who have gone ahead, and "build-

ing, very oft, better than they knew."

Successes attained in Charleroi

through its little world of music as

we now know it can accomplish such

and some things as the merits achiev-

ed by the minstrels, why not apply

the same amount of endeavor in de-

voting ways for the future upbuilding

and consequent prosperity of the bor-

ough?

The Charleroi council and Cham-

ber of Commerce, with the added and

aided assistance of the Borough

Planning Commission, have under-

way prospective measures which will

can much, once attained, for the

well. It is not alone more houses we

need, there are other important im-

provements, other avenues of pro-

gress through which the public, work-

ing conjointly with the leading civic

offices of the Borough, can bring about

desired and beneficial results.

Let us all apply the same measure

of enthusiasm—unselfish zeal, which

as dictated the policy of the Elks in

minstrel successes, present, and in

the past, and a Greater Charleroi will

be a deed and truth become reality.

THE SLOW MELTING POT

The American Federation of Labor

and the American Legion stand to-

gether for restricted immigration. On

its subject both Commander John R.

Gunn and President Samuel Gomp-

ers have just published articles in

the American Federationist. Mr.

Gunn has doubts as to the efficiency

of the melting-pot and urges that

until we provide machinery to teach

immigrants how to live up to Ameri-

can standards of living, to our ideals

of traditions, immigration should

be suspended "for whatever period

may be necessary." When he speaks

of "American standards of living" no

doubt he has in mind the competition

cheap foreign labor, and of course

the same thought is never far from

the mind of Mr. Gompers, who says

the plain truth is that the attitude

of a large number of racial groups

of the United States toward restric-

ted immigration furnishes the best

and most complete reason for the ab-

solute necessity of restrictive immi-

gration."

No doubt one of the best reasons

for restricted immigration is the need

for lessening the size and the influence

of our foreign groups. Our difficul-

ties during the late war showed plain-

ly that the melting pot really works

very after the grandchildren of the

foreign-born come upon the scene.

Our fathers and sons hold fast to Eu-

ropean prejudices and seek to employ

the voting power of racial groups

in a view to dictate American poli-

tics largely according to European is-

ms. The Steuben Society, for ex-

ample, seems to have lost little of the

enthusiasm of its predecessor, the

German-American Alliance, in this di-

rection. We have needed restricted

immigration for a century, but we are

also in a period of developed experience.

We worked out plans, and thus an

avoidance of the blunders and injustices

reported from Ellis Island.

CHILD'S PLAY IS CURBED

Chief of Police S. R. Burnsworth of Monongahela is enforcing an order issued by Mayor H. T. Billick of that city, prohibiting the use of roller skates, scooters, wagons and other like toys by children in the streets.

Numerous instances have been reported in which pedestrians, especially those traversing Main street of the city, have been struck by children on wagons and scooters and injured.

The order also prohibits the use of roller skates, more for the protection of the users than others, as several children in the city have fallen and been badly hurt. The practice is to be discontinued immediately.

Provision for imposing a penalty on parents of the children riding wagons on the streets of Monongahela, are made in the order of the mayor.

TWO DEAD IN PAYROLL ROBBERY AT MONTREAL

Montreal, April 2.—(United Press)—Two men dead, one wounded, four under arrest, a sum believed to be \$142,000 missing, a stolen automobile wrecked and overturned—such was the aftermath of one of the boldest and most carefully planned payroll robberies in Montreal's history.

Between six and a dozen bandits took part in the holdup. The dead body of one of them was abandoned by his companions in the overturned car.

The payroll automobile of the Banque d'Hoselaga was entering a tunnel under the Canadian Pacific railroad tracks yesterday when its way was blocked by a small automobile. Another swung across the road behind. Six bandits in a fourth car commanded the bank messenger and chauffeur to throw up their hands. When they resisted they were shot down and the payroll in the car taken. Before he fell, the messenger killed one bandit.

The police are holding four suspects incommunicado. The dead bandit proved to have a long criminal record. He was Harry Stone.

COAL MINERS ARE TOLD TO REMAIN OUT

Kansas City, Mo., April 2.—(United Press)—Instructions for all coal miners in the Southwest to remain on strike were sent out by union leaders here today following failure to reach an agreement in negotiations with mine operators.

About 35,000 men are affected. Union leaders placed the burden for the strike on the mine owners because of the latter's refusal to keep the 1923 contract, which expired March 31, in force until a new agreement could be reached by arbitration.

In Society's Realm

Mrs. Andrew Murray of 709 Meadow avenue entertained the members of the Ladies Guild of St. Mary's Episcopal church at her home this afternoon. The time was industriously spent in sewing and plans were discussed for the forthcoming months. There was a good attendance. In closing, Mrs. Murray served a dainty luncheon.

Mrs. Harry Harrington of Washington avenue entertained the members of the Merry Menders club last evening and a delightful time was spent in sewing and social converse. Music was also a pleasing diversion. Mrs. Albert Brown, rendered several vocal selections in her usual charming manner. Refreshments were served by the hostess, assisted by Mrs. Brown. The next regular meeting of the club will be held at the home of Mrs. Henry Grummer, Thursday, April 10.

The Pastor's Aid of the First Baptist church met last evening in the church room with a good attendance. The session was the regular monthly one and an enjoyable evening was spent. An "April Fool" luncheon was served, consisting of a cracker water and a toothpick, which was later reinforced by a more substantial luncheon served by Miss Pauline Pieper, the hostess. On Friday evening the Aid will entertain their husbands, the Men's class and their wives and friends at the church. A cordial welcome is extended to all.

A good attendance of members and visitors turned out for the April meeting of the Home and Hospital club held last evening at the home of Mrs. Henry F. Lowstutter of North CharleROI, 30 in number. Mrs. Emma Dawson opened the session with the devotional exercises, followed by a short business meeting. Sewing and listening to radio music was the chief entertainment feature of the evening. A dainty luncheon, in keeping with the Easter season, was served by the hostesses, Miss Ada B. Montana and Mrs. Bertha Crise. Baskets filled with candy were given as favors. The May meeting will be held at the home of Mrs. I. N. Kibler of North CharleROI.

At the home of Mrs. H. N. Wagner of Meadow avenue last evening the regular bi-monthly meeting of the Sewing Circle of St. Jerome's Catholic church was held with 15 members present. Detailed plans were discussed for the card party the organization is giving on Easter Monday, April 21, in the lyceum of the church, and admission tickets were distributed. Sewing articles were also distributed among the members present. Card playing and music were the features of entertainment followed by the serving of a dainty luncheon by Mrs. Wagner assisted by Mrs. T. C. Dillon. The next meeting of the Circle will be held at the home of Mrs. R. O. Ligon of McKean avenue, Tuesday, April 15.

NATAL DAY OF FRED W. COOPER IS OBSERVED

Last night friends and neighbors of Fred W. Cooper, ladies and gentlemen, to the number of about 20, surprised the gentleman at his home, 525 Washington avenue, the occasion being his birthday anniversary.

Mr. Cooper, who is one of the venerable and highly esteemed pioneers of CharleROI, was electrified when the coterie of friends entered his home. He was the recipient of the congratulations of the concourse, and despite his eighty-seven years, played the violin and entered into the festivities of the evening with all the vigor of his pristine youth.

Vocal and instrumental music whiled the hours away, if social converse is excepted, and there was plenty of an interchange of hospitality and goodwill. Telegrams of felicitation were received by Mr. Cooper; refreshments were served, and the occasion was further punctuated and made enduring and memorable by the presentation to the octogenarian of a beautiful smoking jacket, the gift of his gentlemen friends present.

PITTSBURGH MEN BUY DUQUESNE GARDEN

Pittsburgh, Apr. 2.—(United Press)—Duquesne Garden has been sold to a group of Pittsburgh men by the Philadelphia company for \$360,000. The Garden contains one of the largest ice-skating rinks in the United States.

UNION MUSICIANS

SEEK MORE MONEY
Pittsburgh, April 2.—(United Press)—Pittsburgh's 2,500 union musicians are seeking increased wages for radio broadcasting engagements. The musicians demand \$8 for a three hour engagement. The scale is now \$6.

NEW BODY FOR THE BOROUGH IS NAMED

(Continued from First Page)

The Chamber of Commerce agreed to bear the expense of the lights for the first year of the service. Experiments of the system are now in vogue in the borough, but nothing of a definite nature has been determined upon by council for the permanent system, i. e., how many lights to the square, the kind now placed, et cetera. The theme of the talk between Mr. Schaefer and the members of the body was the matter of the proper units to be used, the kind of lights and how many to the square. The lights now in use are of the thousand watt size. Council will meet with Mr. Schaefer and arrive at a definite understanding in the proposition, and make selection such as will be deemed best for the interests of the municipality.

The salary of the borough engineer was fixed at \$12 per day; eight hours to constitute a day's work; and he is to be allowed \$5 a day for an assistant.

Council discussed the subject of the improvement of approximately 2,000 feet of Lincoln Avenue extension, and at a special meeting to be held on Thursday afternoon, April 10, will thresh out the idea.

Burgess David R. Duvall reported receipts for the month of March for his office of \$130; 32 arrests were made by the police.

AUTHORITIES LOOKING FOR TWO BANDITS

Pittsburgh, Apr. 2.—(United Press)—Authorities today are searching for two of three bandits who held up the Fatta Coffee House here last night and robbed five customers of \$79. The high-jackers wore red hoods for masks and after a chase of several blocks one bandit was arrested.

Man Suing for Divorce Charges Wife With An Attack With Meat Fork

MAN OF TYPE AND LAWYER OF ABILITY

(Continued from First Page)
after attending to his personal affairs
in New York and take over the duties
of the Department of Justice.

The new Attorney General is known
as a liberal in his views.

He opposed the "Red Raids" con-
ducted against radicals in this coun-
try by A. M. Palmer, Attorney Gen-
eral under Wilson's administration.
President Coolidge's decision to ap-
point Stone came after a long study
of many possibilities.

He was born in New Hampshire,
October 11, 1872.

He was admitted to the bar in 1898,
and ever since then has been a noted
lecturer of the law. In September,
1910, he became dean of the Columbia
University Law School.

His firm is Canfield, Satterlee and
Stone and he is the author of a number
of enterprises.

Stone lives at Englewood, N. J.
He married Agnes Harvey of his
own home town of Chesterfield, N.
H., in 1899.

MOST TRYING OF HIS PICTURES

The above, the statement of Wil-
liam S. Hart, refers to his latest pro-
duction for Paramount, "Singer Jim
McKee," an adaptation by J. G. Hawks
of the original story by Mr. Hart,
which is due next Thursday, Friday
and Saturday, for a three day run at
the Coyle theatre.

A badly jarred forehead, a frac-
tured knee, several bruised ribs and
numerous other injuries, such as
William S. Hart's token of strenuous
scenes in "Singer Jim McKee," his
latest production for Paramount re-
lease.

The star's forehead and knee were
injured when he burst through a
window and heavy door in a scene
and the next day he had to do a
prison scene in which he had a power-
ful fire hose turned on him.

Hart has had many thrilling fights
in pictures, but he declares that the
most gruelling experience of his car-
eer was when he stepped the power-
ful stream of water booming from a
fire hose.

The star's work in "Singer Jim Mc-
Kee," was so strenuous that follow-
ing the completion of the picture he
was forced to take a short rest.

If you're looking for realism, here
it is with a vengeance.

Phyllis Haver of bathing beauty
fame is the girl.

Charging his wife with having at-
tacked him with a meat fork while
he was asleep, and tearing his flesh
and injuring him seriously, Arthur
Draucker, of Washington, has filed a
suit in divorce against Iva Draucker.
Knives and forks seem to have been
her favorite weapons, as he sets
forth that she frequently, when she
became enraged, threw table cutlery
at him. She evidently had a very bad
temper, and when she became angry
it was simply a case of hunt the cy-
clone cellar for him. They were mar-
ried October 23, 1920, and her abuse
began one month after their marriage.

Mable Irene Phillips, of Washing-
ton, charges her husband, John Robert
Phillips, with cruel and barbarous
treatment. He is addicted to the use
of liquor and when under its influence
subjected her to all manner of abuse.
They were married April 8, 1912, and
two months afterwards he began his
mistreatment of her. He would strike
her with his fists and kick her.

Ida Ciabattar Pucetti, of Burgette-
town, by her uncle and next friend,
she being a minor, in a divorce action
against Joseph Pucetti, charges him
with cruel and barbarous treatment.
It was not a happy marriage from the
day they were married, January 17,
of this year. According to her al-
legations he abused her almost con-
tinuously.

FOR EVIDENCE

FOR THE OIL

COMMITTEE

Washington, April 2 — (United
Press)—An improvised national in-
vestigation agency has been built up
to run down evidence for the Senate
oil scandal committee.

It is through this agency that Sen-
ator Walsh expects to produce proof
that there was a conspiracy to lease
the naval oil reserves as far back as
the 1920 Republican national conven-
tion.

Here is the way the new investiga-
ting agency works, as Walsh describes
it today, to the United Press.

"We receive scores of letters each
day, some from inmates of insane
asylums and some from patriotic citi-
zens who have evidence bearing upon
our inquiry. Heretofore, we have had
no method of finding out just what
these witnesses would testify.

"A man writes that some promi-
nent man told him there was a con-
spiracy at the last Republican conven-
tion. We have to subpoena both men,
sometimes half way across the conti-
nent, and bear the expense of their
visit. And then when they get to the
stand sometimes they do not tell the
story I expected. After consulta-
tion I learn that they have no direct
evidence, only rumors.

"Through this new arrangement I
obtain someone in practically every
city in the United States to go see
the man who writes me, and find out
just exactly what is to be testified."

The work of this new investigating
agency has necessarily slowed up the
progress of the committee, which
hereafter will hear fewer and better
witnesses.

Subpoenas will be issued only in
cases where direct evidence is in pros-
pect.

George White, former chairman of
the Democratic national committee,
has informed Walsh that he expects
to be present to testify today. Walsh
also expects to consult another "sur-
prise" witness before the hearing
starts, and he may be put upon the
stand.

Here's the Situation

The management of any well-conducted telephone company must
do these things:

1. Render a high-grade telephone service.
2. Pay all bills incurred in rendering the service.
3. Pay wages which attract and hold the type of employees necessary to render good service.
4. Pay our interest charges and an adequate return to the stockholders whose investment has made the business possible.
5. Take care of the demands for new service when and where asked for, as lies within its power.
6. By sound management, and adequate earnings, attract the new capital necessary to finance the new construction which is needed to meet the demands for new service.

At the present time our earnings are not sufficient to meet all these obligations.

The \$173,000,000 construction program which lies ahead of us during the next five years cannot be financed unless, by a revision of telephone rates, our financial condition and standing can be kept sound.

We must come to you for the new capital. We must pay you adequately for its use, and this we cannot do without adequate earnings.
